Margrit Coates

New in the world....

....for the first time in the Netherlands

16 april 2019

Especially for those who did the three day course with Margrit in the last years, we organize a one day course advanced level II.

During this workshop Margrit will teach super advanced level healing techniques that she has developed during her unrivalled years of experience with horses.

This includes –

- ✓ Minor chakras on the horse, where they are and how to sense them.
- ✓ The chakra reflex zone on the horse, where it is and how to use it.
- ✓ Finding specific areas of energy blockage and releasing with a healingvortex,
- ✓ Lymphatic system rebalancing with lateral fluctuation creation
- ✓ Tortion release
- ✓ Cranio sacral rebalancing through the skull, hyoid and spine.
- ✓ listening to the communication of cells

Also covered during this day are tips on selfprotection for a deeper healing energy connection and improvement in our ability.

This unique day is never given before. You can't find this information in her books. Margrit will teach to you, so you can help the horses even better.
